

PRAYER FOR THE PEOPLE OF UKRAINE

רבון העולמים
שומע תפילת כל פה

Sovereign of the Universe
Who hearkens to our prayers,

We stand before You in solidarity with all who are enduring the darkness of human conflict in Ukraine.

May You protect all innocent men, women and children at this moment of great peril for them, their country, for Europe and the world.

Bring fortitude to the vulnerable, resilience to the insecure and strength to those who live in fear.

Incline the hearts of national leaders towards peace and reconciliation and bless them with the wisdom, vision and perseverance needed to end this war and restore peace to the region.

Almighty God, strengthen the hands of those who pursue peace, not war. Bring harmony where there is hostility; relief where there is pain and hope where there is despair.

May He who makes peace in high places
Make peace for all on earth.

וכן יהי רצון

May this be your will
And let us say Amen.
